**RE: Final Land-Use Plan Report – Extension Request in respect of Class A  
Land Use Permits #MV2004C0044 and #MV2004F0045:  
DO-27 Project, Mackenzie Valley Region, NWT**

I would like to request on behalf of Peregrine Diamonds Ltd. (Peregrine) an extension of up to 60 days for filing the above-noted Final Land-Use Plan Report as allowed under Sec. 29 (3) of the Mackenzie Valley Land-Use Regulations. Otherwise, the Final Plan Report would be due on 03 February 2012, which allows me insufficient time for research and preparation.

The extension of up to 60 days, or up to 03 April 2012, is requested due to limited GIS support for mapping production and the need to research old Peregrine database data for the DO-27 Project, which was acquired and stored before my tenure.

Thank you for the opportunity to request this extension.
