Hi Mike,

I know you previously said not to bother sending this, since your draft had been completed, I thought I'd pass it along in case you want some bedtime reading prior to your meeting with Golder...

http://www.mvlwb.ca/WLWB/Registry/2006/W2006L2-0002/W2006L2-0002-Fortune%20NICO%20Revised%20CRP%20Report-Nov%204_2007.pdf

Fortune's Closure and Reclamation Plan was approved by the WLWB in 2008, with the additional commitments made by Fortune in the Comment Table.

Cheers,
Brett

Hi Brett,

I'm out of town on vacation until next week. Before I left I received a draft copy from Golder. Upon review we had some sections that we wanted updated. Some comments were sent to Golder and I will be reviewing that with them when I get back to the office. Will keep you updated on that.

Regards,
Mike

Hi Mike,

How is the Abandonment and Restoration Plan coming along?

Thanks,
Brett

Hi Brett,

I received the draft Closure and Reclamation Plan for Damoti Lake from Golder late yesterday. I have yet to review the document, but it shouldn't be much longer now. Thanks for the offer, but

no need to forward the info. I didn't think this would take so long. We had them start the process last September.

Regards,
Mike

Hi Mike,

For your information:

Golder prepared the Closure and Reclamation Plan for Fortune Minerals (NICO), which should be very similar to the Damoti Lake C&R Plan.

I'll send you a copy, as well as a current C&R template for advanced exploration that may be helpful, early next week.

Regards,
Brett
