**Subject:** W2007L2-0003 - Diavik - AEMP - Review of the 3 Year Summary Report and Design Document Version 3.0  
**Attachments:** AEMP Design - Questions and Requests for Clarification.doc

Afternoon folks,

As we communicated in our distribution last week, the Diavik AEMP Design is currently under review and in order to assist reviewers in their review, the Board will be hosting a workshop in mid-January to address questions and/or requests for clarification that reviewers may have regarding the design document.

The agenda for this workshop will be determined based on the feedback we receive from reviewers by the **January 5<sup>th</sup> deadline**. To assist reviewers, **we have attached a Word document containing a table** which has been formatted for your questions and/or requests for clarification. More details regarding this review may be found here: [Diavik AEMP Design Review](#)

Furthermore, please note that the Board will be considering the Diavik AEMP 3 Year Summary Document at the same time as the AEMP Design Document. Deadline dates have been adjusted accordingly. More information about this review may be found here: [Diavik AEMP 3 Year Summary Review](#)

Thank you and we look forward to hearing from you.

Cheers,

Ryan Fequet, *BSc.*
