Lynn,

The Inspector has no concerns with the withdrawal of the above noted land use permit application. This permit was for the replacement of an expired permit, MV2001X0030, and because a new permit was not issued prior to the expiry of this permit, the Permittee obtained a storage authorization which is valid until July 1, 2011.

Therefore the materials on site are covered by a storage authorization and no land use operation is currently being undertaken. The Permittee must ensure that section 15 and 16 of the *Mackenzie Valley Land Use Regulations* is met prior to July 1, 2011 to remain compliant with MV2001X0030 and the regulations.

If you have any questions or concerns, please do not hesitate to contact Nahum Lee at 669-2757 or myself at the numbers below.

Have a good day

Clint

Hi Clint -

I know there was no work done under this application, but could you put a little something in writing (email is fine) that it is ok to close this one because there is still the storage authorization for the previous permit. I'm getting this Board package ready in the next couple of days here.

Thanks,
Lynn
